

Titan 120-180

For Future-leading High-Power Charger

- 200-1000V DC super wide output voltage range
- Flexible charging head configuration
- Smart load management
- Connect any backend based on OCPP 1.6J protocol

General	Model Name	Titan 120
Power Input	Input Rating	400Vac±10%, 50/60 Hz, 3-Phase
	Output Interface	2 x CCS2
Power Output	Output Power	120kW to 180kW max.
	Output Voltage	200 -1000Vdc
	Output Current	200A max.
User Interface & Control	Display	10.4" LCD Touch Panel
	Support Language	Simplified Chinese, English
	Push Buttons	Emergency stop button
Communication	RFID Reader	ISO/IEC 14443 A/B Mifare RFID reader
	Network Interface	4G, Wi-Fi, Ethernet
	Protocol	OCPP1.6J
Mechanical	Dimension (WxHxD)	800*2050*750mm
	Weight	approx. 395kg (excluding power modules)
	Installation	Ground-mounted
Regulation	Certificate	TR25:2016, CE
