

VENUS SERIES (Fast charging)

Compact and Robust design for private and public application

General	Model Name	Venus 30
Power Input	Input Rating	400Vac±10%, 50/60 Hz, 3-Phase
Power Output	Output Interface	1 x CCS2
	Output Power	30kW max.
	Output Voltage	200-500Vdc
	Output Current	50A max.
User Interface & Control	Display	7" LCD Touch Panel
	Support Language	Simplified Chinese, English
	Push Buttons	Emergency stop button
	RFID Reader	ISO/IEC 14443 A/B Mifare RFID reader
Communication	Network Interface	4G, Wi-Fi, Ethernet
	Protocol	OCPP1.6J
Mechanical	Cable Length	3.4m
	Dimension (W*H*D)	680*440*280mm
	Weight	Approx. 45kg (including power module)
	Installation	Wall-mounted, Column-mounted
Regulation	Certificate	TR25:2016, CE
